All Wool in Clothcraft Proved by Test

JUST remember this when you want to make sure of getting all-wool clothes: Cotton mixtures are so skillfully made now-a-days that even an expert eye cannot distinguish them from all-wool cloth. The cotton is so cleverly woven with the wool that the only absolutely sure way of detecting its presence is by a chemical test.

This test consists of dipping a piece of cloth into a boiling solution of caustic potash, which completely dissolves the wool and leaves the cotton intact, if present.

Every piece of cloth used in Clothcraft clothes must be able to withstand this searching chemical test. Therefore, you can know positively that you are really

getting all-wool clothes—if they bear the Clothcraft label.

Every Clothcraft suit or overcoat is guaranteed all wool. This guarantee—found in the inside pocket of every Clothcraft coat—also insures lasting shape, satisfactory wear and service. At Clothcraft prices—\$10 to \$25—can you ask for more?

A DOZEN REASONS WHY I SHOULD VOTE FOR NEXT PRESIDENT WILSON

1. He is the only candidate for President who represents the real vital and the effective progressive forces in this country.
2. He stands for tariff revision downward in the interest of lower prices and the elimination of monopoly.
3. He stands for trust legislation which will prevent the control of prices through any sort of monopoly.
4. He stands for the income tax and believes that wealth should share the burdens as well as the blessings of government.
5. He stands for the rights of labor and the protection of the man who earns his bread by the sweat of his brow, as shown in his record as Governor of New Jersey.
6. He stands for the revival of our merchants marine, and for the government encouragement of agriculture, industrial and vocational educational education.
7. He trusts the people and believes that the governed should govern; and that Senators should be chosen by the people.
8. He faithfully performs in office the promises made out of office.
9. He will "CLEAN HOUSE" at Washington as he has "CLEANED HOUSE" in New Jersey.
10. He preaches and practices clean politics, and practices it effectively. He unalterably opposes machine politics and the rule of the bosses.
11. He stands for legitimate big business every day, but for monopoly never.
12. As Senator LaFollette says, "He approaches every problem with the solemn promise to be really, in the highest sense, a servant of the people."

The old panic cry doesn't go worth a cent in this campaign.

If you are in favor of a square deal in the markets, in which you purchase the necessities of life you should vote for Wilson and Marshall. If you desire to make it easier for multimillionaire manufacturers to buy steamboats, while they enjoy protection in the market for their products and buy European "pauper" labor at cut rates in competition with American labor in a free market, you should vote for Taft. If you are a visionary you may, of course vote for Roosevelt, who cannot be elected.

DANVILLE and Boyle county, murderers, which, by the way, are quite numerous, is attributable generally to intoxicants. With all the alertness of its officers it appears to be impossible to eradicate the evil from little Britain. Danville might do well to send a committee to its neighboring town Lancaster and get pointers. The latter corporation snipt the boot-logger a long time ago.

BEFORE the next issue of the SIGNAL battle of the ballots shall have been fought and won, Wilson will be in charge of the White House on and after March 4th 1913 and a better show be given the common people.

"The voters will see peril in change," says President Taft. Will they? Not after seeing the Republicans promise before elections to change the schedules and change their minds after elections.

WILSON Will Wreath White-house, Washington, With Worthy Work When Waterloo Wrecks Woe With Wreckers Who Warped Waiting World With Woeful Want.

Gov. Wilson says he will not sit up to hear the election returns but President Taft probably will sit up and take notice when reports are completed.

THINK IT OVER

Either Mr. Taft or Mr. Wilson Will Be
Elected President

In Kentucky, the Progressive Party will fall far short of securing the required number of voters, to qualify it as a political party within the provisions of our election laws. This is indicated clearly by their insignificant registration, and by the reports received by the committee, of conditions throughout the State.

Since the middle of September, the Drift has been steadily toward the re-election of Mr. Taft and is increasing in force as the election draws near.

The reason for this is apparent to any one giving the matter a moment's consideration. CONTINUOUS EMPLOYMENT IS AT HAND for all those who desire to find it and REMUNERATIVE PRICES REWARD THE PRODUCERS. THIS MEANS COMFORT FOR THE PEOPLE GENERALLY and accounts also for the absence of political excitement.

The violation of the most sacred tradition of the republic; opposition to a third term as President for any man, and the economic theories and vital constitutional changes involved in the candidacy of Mr. Roosevelt, are issues of extreme importance but the fact that his defeat is concerned by all, except his most ardent supporters, has to a large extent, eliminated them from consideration.

The race being between the Republican and democratic candidates; our confidence that the "good judgment" of the people will lead them to re-elect Mr. Taft is based upon the record; the republican party believes in, and will adhere to the protective tariff system.

The democratic party believes in tariff for revenue only, which means free trade and, if placed in power, will if true to their platform declaration, seek at once to "wipe out and destroy" all elements of protection in our tariff laws. Their platform declarations of 1892 and 1912 on this question are identical and, in both, a protective tariff is denounced as "unconstitutional."

In 1892 the Democratic Party was successful upon this issue and they tried their hand on the tariff and the results is well remembered. Distress, misery, want and actual starvation were general throughout the land and continued until the election of McKinley and the restoration of the Republican Party to control. They, of course, try to explain and absolve themselves of responsibility for the result, but they cannot deny actual conditions as they existed during their complete control of the executive and legislative branches of our government.

Now the country prospers. Business prostration in any line exists nowhere within its borders. The affairs of the government have been economically and efficiently administered. The government's control of trusts has been strengthened. A surplus remains in the treasury after the payment of all expenses. The trade of the country is larger than at any other period in its history.

A Republican Administration, with Mr. Taft as its head, has been and is now in charge. We know what we have in 1912. We know what we got as a result of 1892.

Under the one prosperity and plenty, under the other disaster and distress.

The only safe course lies in holding on to that which is good. Danger lurks in a change. No risk except in a change. Then why take a vote for Roosevelt? It is worse than wasted; it is a vote to take the risk.

So Mr. Voter, whatever may be your occupation, think it over while you yet have time, and let your vote square with your judgment.

ROOSEVELT DELEGATES FOR TAFT

Letter of Wm. Hayburn, President Belknap Hardware & Manufacturing Company, and Roosevelt Delegate from Louisville to the Republican National Convention

Louisville, Kentucky, October 25, 1912.

Mr. Chas. L. Scholl,

Louisville, Kentucky.

My Dear Sir:—

Referring to your question as to what candidate I have decided to vote for, for President, at the November election, I would say that I am going to vote for Messrs. Taft and Sherman, whom I regard as the regular nominees for the Republican Party.

I attended the Chicago Convention as a Roosevelt delegate, but from my observation and experience there, I considered it was fortunate for the country and for the Republican Party as well, that Mr. Roosevelt was not nominated. I became convinced that Mr. Roosevelt's candidacy was the result of personal ambition and not for the purpose of furthering any particular policies or principles. I believe that with Mr. Roosevelt's co-operation it was possible for the Progressive element of the Republican party to have nominated Governor Hadley or Senator Cummins, to have made any changes in the platform that might have been desirable, to have revised the rules so as to eliminate the authority of the National Committee, wherever such authority as they had might be abused, and more important than all, to preserve the integrity and usefulness of the Republican party.

Mr. Roosevelt's followers, by reason of their passionately stormy methods, used where no principles could possibly be involved with the same vehemence as where principles might be involved, destroyed my confidence in their level-headedness and good judgment. I was well prepared by what I saw at Chicago, for the lack of the sense proportion that lead to the action of the Roosevelt supporters in undertaking to establish the Progressive Party.

As for myself, I can see no hope of accomplishing progressive measures by this procedure, and grave danger of weakening the influence of the Republican Party for good along many lines.

The Republican platform relative to tariff policies appeals to me with peculiar force. I have had the advantage of knowing something about the working effect of tariff schedules and tariff policies on business and, without feeling intolerant of the opinion of other men, am satisfied that the Republican policy of protection is for the general interest as well as general prosperity. I believe that if Dr. Wilson is elected President, he will probably call an extra session of Congress, to revise the Tariff, and immediately business will drop off and the necessary, a companion to this will be a falling market. If the Tariff schedules are so many as to threaten American producers with serious competition from abroad where the price of labor is so much lower than here; the condition of stagnation will be permanent, or until the policy is changed. If the change made by such a special session not such as to bring the American consumer into competition with the foreign producer, I can see no logic in changing the Tariff, hence the program of the Democratic Party becomes a futile one.

No one who is thoughtful can doubt that if the Democratic Party is elected to power by a large majority, as some claim it will be, it will be a very radical free trade, or, "Tariff for revenue only" Party. No honeyed pre-election phrases of Dr. Wilson, delivered in Pittsburgh to placate the voters in the district, where protection sentiment is supposed to be extensive, will change this fact. Those who

voted for Dr. Wilson, should do it with the full knowledge of what it means, and should not vote for him unless they believe in the tariff for revenue only, which is the real meaning of the Democratic platform and the real intention of the Democratic Party. Those who believe in a protective tariff policy and expect to make their vote effective, should in my opinion, stay with the Republican Party, whether in their opinion it is managed in every detail to suit them or not.

Yours very truly,
WILLIAM HAYBURN.

Letter of Judge B. J. Bethurum of Somerset, Ky., Roosevelt delegate from the Eleventh District to the National Republican Convention:

SOMERSET, KY., October 7, 1912.

Mr. H. T. Arterbury,
Tompkinsville, Ky.

Dear Sir: I am in receipt of your letter of the 4th instant, in which you invite me to make some speeches in Monroe County for the Progressive ticket. In answer to the same will say that I must decline to do so for the reason that I do not belong to the third party, but am a Republican and expect to loyally support that party and its ticket in the coming election.

I was, as you know, a supporter of Mr. Roosevelt before the convention at Chicago, and while some things were being done at that convention to bring about the defeat of the Colonel that I do not endorse nor approve, yet, having always affiliated with the Republican organization, and having been perfectly satisfied with the principles of that party, I cannot now leave the party that has such a glorious record of achievement, and follow Mr. Roosevelt into a new third party, simply because some members of that party have done wrong. While yet young, I was taught by my parents that the Republican party was the one political organization that stood for the rights of the people, that stood for liberty, for progress, that stood for the maintenance of the credit of the country both at home and abroad. I was further taught that this old party was born during a crisis in the nation's history; that it sprang into existence as the champion of the liberty of a shackled race, and not only gave them their liberty, but gave to them the franchise as well. I find that history verifies and confirms all of my early teachings, and that the great party has continued throughout all these years to meet and master the great and difficult problems of government and to skillfully and prudently manage the affairs of our country. No other party can boast of so much. A party with a record like ours should not die, but should live forever. I am one who believes that its mission for good is not spent, is not at an end, but that it will continue in the future, as the past, to respond to the country's needs. When Col. Roosevelt decided to withdraw from the Republican party, and form a new and distinct third party, then like Gov. Hadley and others of his original supporters, I decided that I could not follow him longer, but would stand by the party of Lincoln, Grant and McKinley, which has bestowed upon me so many honors and favors in the past.

With very kind regards, I am

Yours sincerely,

B. J. BETHURUM.

THE SCOURGE OF HOG CHOLERA

Cost the hog raiser millions of dollars last year and nothing short of vaccination seemed to offer the slightest promise of cure.

Prevention, however, is the logical solution of the question. Dr. Hess (M.D., D.V.S.) has always maintained that by giving Dr. Hess Stock Tonic to tone up and strengthen every organ in the system, to regulate the bowels, liver and kidneys, expel worms; and also thoroughly disinfect the premises, sleeping quarters and runs with Dr. Hess Dip and Disinfectant, would prevent an outbreak of this disease.

Read what one of the big hog raisers in the country says:

"During 1911 our country was visited by one of the worst hog plagues ever known. We fed Dr. Hess Stock Tonic, and only lost two head out of a herd of two hundred and ten."—Alex. Nevius, Modesta, Ill.

Also note what bulletin No. 182 of the Kansas State College says about preventing Hog Cholera:

"When we recall the conditions which favor the disease and the manner in which its infection takes place, it will be seen that feeding and caring of hogs has much to do with the prevention of the Cholera. Premises should be cleaned and disinfected regularly. The hogs themselves should be dipped every few weeks. Maintaining these conditions helps to keep up the vitality of the hog and in this way troubles of all kinds are ward off. To aid digestion and circulation and to prevent worms, the bulletin recommends a formula of Wood Charcoal, Sulphur, Salt, Sodium Bicarbonate, Sodium Sulphate, Sodium Hypophosphate and Black Antim.

This formula, given in tablespoonful doses would undoubtedly be beneficial but would cost the hog raiser about 10c per pound. Now compare this with the formula for Dr. Hess Stock Tonic which is vastly superior and has stood the test of 20 years.

NUX VOMICA, Digestive and Nerve Tonic.
SULPHATE OF IRON, Blood Builder & Expels Worms.
COMMON SALT, Appetizer. Expels Worms.
NITRATE OF POTASH, Acts upon the Kidneys.
FENUGREEK, Tonic and Aromatic.

QUASSIA, Digestive & General Tonic. Expels Worms.
SULPHATE OF SODA, Laxative & acts upon the Liver.
EPSOM SALTS, Laxative.
CHARCOAL, Prevents Noxious Gases.

This preparation is compounded by Dr. Hess, (M.D., D.V.S.) and sold to you on a written guarantee and only costs 3c per month for the average hog. The definition of the ingredients are taken from the United States Dispensatory and noted medical authorities.

Feed your hogs

Dr. Hess Stock Tonic

to prevent disease and expel worms. Sprinkle the runs and sleeping quarters with a solution of

Dr. Hess Dip and Disinfectant

one of the foremost coal tar, cresote disinfectants known. Also dip your hogs with this solution when the weather will permit, and you will have no loss from disease.

sized majority, but we are not in
the least discouraged about roads.
We are for a bond issue to build
roads because we believe that is the
only way they can be built, but if
roads can be built any other way,
we are for that way. It does not
matter to us how it is done, all we
want are the roads and we don't
care how they are built. Let be a
bond issue, special taxation, mil-
lita' or what. Give us roads.

The Turkeyfoot Lumber Co.,
of Pennsylvania, the corporation
which purchased the Thompson
timber lands in Jackson county,
has commenced the construction of
a fifteen mile standard gauge road
from the Sturgeon branch of the
L. & N. near Duck Fork, to McKee
and a point on the head of the
Middle Fork of Rockcastle River,
to develop their vast timber prop-
erties. This will be the first
railway outlet Jackson county and
its capital have ever had by rail.
It will connect with the Win-
chester, Irvine extension. It is
expected that the road will be
finished by early spring—Lex-
ington Leader. It was expected
that this road would be built out
from Livingston.

Change in Name of School.

Langdon Memorial School in-
stead of Brown Memorial School.
Since the building in which school
is now conducted is very largely
the gift of Mrs. Langdon, in
memory of her husband, and also
because of her strong personal
interest and annual gifts to
school, it has been decided to
make the above change in name
of school. The Board of Manage-
ment feels that this recognition
of her gifts and interest is due
Mrs. Langdon. In this opinion
the faculty and students heartily
concur and are glad to be hence-
forth known as Langdon Mem-
orial School.

BROWN MEMORIAL SCHOOL

Jennie Morrow Miller spent
Saturday and Sunday with Sallie
Stewart at the home of the latter
in Wildie.

Georgia Amyx and Elizabeth
Lemons returned Monday after a
brief visit home.

Leila Albright spent Sunday at
her home in Brodhead.

About a dozen of the dormitory
girls attended the basket ball game
at Brodhead Saturday afternoon.

Owing to the special interest
Mrs. Langdon, of Baltimore, Md.,
has shown in the school here, the
name has been changed from
Brown Memorial to Langdon
Memorial. Mrs. Langdon gives
more to the support of the school
than any other individual and the
members of the school are glad
to have this public recognition
of the fact.

Court of Claims met this week
and allowed the usual routine of
claims.

The Halloween party at the
Langdon Memorial School was a
most pleasant event for the you g
people.

Vice-President James S. Sher-
man died Wednesday. Some one
will be named at once as the
running mate of President
Taft, which will likely be Gov.
Hadley of Missouri.

A large crowd attended the sale
of A. H. Hamlin and Auctioneer
H. C. Jones reports everything
selling well. Sheep \$3.50 per head,
hogs 7 cts., milk cows \$45. These
were the only things sold from the
farm.

If the party who took my lap
robe on last Saturday will return
the same to my porch or to Brown's
livery stable there will be nothing
said, otherwise I intend to prose-
cute the same. I know who took
it. A. B. FURNISH.

For the next ten days I will sell
shoes and dry goods at cost and
under. An opportunity for those
who take advantage of the sale.
These prices are cash.

LUTHER MANIS.

Oct. 25, 21.

Henry S. Branaman a prominent
farmer of the Wildie community
died at his home Tuesday from a
complication of diseases. He was
72 years of age, a Union Sold-
ier a life long member of the
Christian Church, and one of the
best known and beloved men in
his community. Up to ten years
ago he spent a great deal of his
time hunting and probably has
killed more wild animals than any
man in this part of the country.
A widow, four sons, three daugh-
ters and two brothers and one
sister survive him.

A DOZEN REASONS WHY I
SHOULD VOTE AGAINST
EX-PRESIDENT ROOSE-
VELT.

BECAUSE:

1. He has broken his solemn
promise not to be a candidate for
the third term, therefore his
other promises are not to be relied
upon.
2. For seven years he was
president; and during those seven
years the very condition he now
pretends to combat viciously were
more thoroughly developed than
during all the other periods in the
country's history.
3. The day he became President
there were 149 trusts or combi-
nations, capitalized at \$3,000,000-
and the day he retired from
office there were 1,020 such
combinations, capitalized at \$31
000,000,000.
4. He permitted the Steel Trust
to acquire the Tennessee Coal and
Iron Company, its principal rival
in violation of the anti-trust law,
and forbade the prosecution of the
Harvest trust at the request of
George W. Perkins, HIS PRES-
IDENT NATIONAL CHAIRMAN.
5. The man next to Roosevelt,
responsible for the third term

Are the Fly and Mosquito Dangerous?

The fly, with its annoying, disgusting habits, spreads germs of disease, spreads over our food and poisons us with typhoid and cholera. The mosquito with its bite injects into our veins malaria and yellow fever. The bacteria of consumption, or grip, are everywhere present for us to breathe into our lungs. The blood which flows through our veins and arteries is our protection. It should contain healthy red and white blood corpuscles—capable of warding off these disease germs. Dr. Pierce's Golden Medical Discovery is a blood medicine and alterative made entirely without alcohol, a pure glyceric extract of bloodroot, golden seal, Oregon grape root, quinine's root, mandarin and stone root, which has enjoyed a good reputation for over forty years. The refreshing influence of this extract is like Nature's influence—the blood is purified in the tonic which gives life to the blood—the blood flows in the body more brightly and their increased activity constructs the tissue rubbish which has accumulated during the winter.

"About forty years ago while in Newark, New Jersey, I had chills and fever, which the doctors of National Military Home, N. J., treated for a year. I was in the hospital for a year and a half. Finally I saw Dr. Pierce's Golden Medical Discovery advertised. I took one bottle of it and the chills vanished. In about a year afterward I felt the same back and was another bottle and have never had any symptoms of fever or ague since. That is all of twenty years ago, for I had the chills about twelve years before I started to take 'Golden'."—M. MAGUIRE, Esq.

CHAS. C. DAVIS THE GOOD ROAD ADVOCATE WRITES AS FOLLOWS:

I said at the opening of our campaign that the right should prevail and the election of last Saturday Oct. 26 1912 has not changed my views in the least, yet it did show to my mind conclusively that there is something about it that was not exactly in accord with the minds of the people. Though we have lost the issue for the present yet the people throughout the county are thinking and thinking seriously about better roads. I feel proud of the effort put forth by those who fought so valiantly for the cause of better roads, and know too that they stand ready and willing at any time to go again and do what they can to hold up the good road banner. Now that the first battle has been fought and those that oppose us have seemingly defeated us let's profit by this hard fought battle, by finding out if possible, where the objections lie. I know there isn't a man in our county that is satisfied with the present system of working the roads. I noticed in the various places in the county that I have been, that everybody was in favor of good roads, so what everybody wants is done looz like we could have, and I am ready at any time to accept suggestions from the people how we may improve our public roads. Now my dear readers let's don't rejoice over a defeat like this but rather weep, for it certainly is a hard blow toward our little school and church houses that hold up education and Christianity throughout our dear old country.

I know we have men and good men too that fought this issue. Now it is up to us to go to these men and find out if possible what is our platform that they object to and if it is rotten and they can show us that it is, take it out and at once insist that man for the cause. I am sure we will carry the good issue when we are able to show the people it is to their interest. I want to thank the people in the various parts of the county for the hospitality extended to the speakers and others who were rosters for the roads move and only hope that we may get closer drawn together in the future.

Yours for better roads. CHAS. C. DAVIS

A DOZEN REASONS WHY I SHOULD VOTE AGAINST PRESIDENT TAFT.

1. He signed the Payne-Aldrich Tariff Bill, and referred to it as the best tariff law ever enacted.
2. He vetoed the Farmers' Free List Bill, the Wilsons Bill, and other bills reducing excessive tariff duties.
3. He has failed to take any steps to lessen the present high cost of living.
4. He supported Ballinger in his efforts to turn rich coal deposits in Alaska over to the Guggenheims.
5. He has used federal patronage to maintain a political machine manipulated in his behalf.
6. He abandoned his official duties to enter into an undignified scramble with his predecessor for renomination.
7. He has lost the confidence of his party and of the people.
8. He failed to support Dr. Wiley in his administration of the Pure Food Law.
9. His trust policy has helped the trusts and brought no relief to the people.
10. His administration has resulted in disappointment and failure.
11. He is a reactionary.
12. Ex-President Roosevelt, who knows him best, says of him: "He has proved faithless to the cause of the American people."

PORTO RICO'S NEW WONDER. From far away Porto Rico come reports of a wonderful new discovery that is believed will vastly benefit the people. Ramon T. Marchan, of Barceloneta, writes "Dr. King's New Discovery is doing splendid work here. It cured me about five times of terrible coughs and colds, also my brother of a severe cold in his chest and more than 20 others have used it on my advice. We hope this great medicine will yet be sold in every drug store in Porto Rico." For throat and lung troubles it has no equal. A trial will convince you of its merit. 50c and \$1.00 Trial bottle free. Guaranteed by Chas. C. Davis.

Bad Spells

"I suffered, during girlhood, from womanly weakness," writes Mrs. Mollie Navy, of Walnut, N. C. "At last, I was almost bed-ridden, and had to give up. We had three doctors. All the time, I was getting worse. I had bad spells, that lasted from 7 to 28 days. In one week, after I gave Cardui a trial, I could eat, sleep, and joke, as well as anybody. In 8 weeks, I was well. I had been an invalid for 5 weary years! Cardui relieved me, when everything else failed."

THE DRUGGIST SAYS

That Tennyson or Longfellow could take a worthless sheet of paper and write a poem on it and make it worth \$75,000—that's genius and there are others who can write a few words on a sheet of paper and make it worth \$8,000,000—that's capital and this nation of ours can take an ounce and a quarter of gold and stamp upon it an Eagle and make it worth \$20.—that's money and some of our young ladies will buy a hat for \$1.25 but prefer one that cost \$35.—that's foolishness. I might sign my name to a check for a \$1,000,000, but it wouldn't be worth a dime—that's rouge. But some people will tell you that they can serve you as well as Chink but—that's nonsense—try me.

Yours truly
